Multi-disciplinary Assessment and Participation of Children in Child Protection Proceedings (MAPChiPP)

Access to training videos, practitioner guidance, licence and citation

Introduction: MAPChiPP is a European project developing training programmes for trainers and practitioners in child protection. The video materials to accompany the MAPChiPP training modules were originally developed by Child and Family Training. The training videos have been subtitled in all European Union languages.

Access: To access to the training videos please create your own individual Child and Family Training account using this link:

<https://childandfamilytraining.org.uk/account/register>

Please click the box to sign up to receiving our email information.

Once your account has been set up please email Anne Guerri at anne.guerri@childandfamilytraining.org.uk and provide the following information:

- confirmation that you are a trainer in child protection
 - brief details of the training you are providing and in which country
 - which MAPChiPP training modules you are using,
- and
- confirmation that you have opened an account.

Anne will then send you the link and access permission.

Practitioner guidance: The training videos were developed to support training on the *Family Pack of Questionnaires and Scales*, the *Home Observation and Measurement of the Environment (HOME Inventory)*, the *Family Assessment*, the *Safeguarding Children Assessment and Analysis Framework* and the *Hope for Children and Families* intervention resources. Copies of these materials are available for purchase using this link: <https://childandfamilytraining.org.uk/collections/shop>

Licence: Permission to access the training videos gives you an individual licence to use them in your practice training professionals and volunteers working with children and their families.

Citation: The citation to be used whenever using the training videos is, Child and Family Training (UK), <https://childandfamilytraining.org.uk>
